WHAT WE DO

Bidvest Mobility, part of The Bidvest Group, has years of expertise in providing mobile computing and barcoding solutions that harness the power of mobile technologies to meet the most demanding business challenges whilst driving transformation throughout the supply chain.

We specialise in delivering highly efficient mobile computing and barcoding solutions that optimise operations throughout the entire supply chain.

Our comprehensive approach incorporates the finest mobility platform, cutting-edge applications, advanced mobile technologies, and renowned support services. By integrating these elements seamlessly, we enable businesses to streamline their processes and achieve enhanced productivity and performance.

We have established premier partnerships with global brands in the mobile computer, voice technology, barcoding and RFID hardware industry. Leveraging our extensive product knowledge and industry expertise, we thoroughly analyse your requirements and recommend the most suitable technology for your specific application.

By effectively managing your mobile computing and barcoding investment, we ensure business continuity and maximise the benefits derived from these technologies.

FarEye Delivery Solutions

Mobilising your supply chain

DISCOVER HOW OUR UNIQUE APPROACH WILL TURN YOUR PROCUMENT STRATEGY INTO A COMPETITIVE ADVANTAGE. OUR SIMPLIFY SOLUTION MAKE SENSE WHEN YOU CONSIDER ACQUIRING ASSETS OR EQUIPMENT, ESPECIALLY IF THE FOLLOWING IS TAKEN INTO ACCOUNT.

Depreciation

Equipment loses rather than gains value over time or with use.

01

Income Generating Equipment

Assets form part of the operations where they are linked to income generation.

02

Obsolete Equipment

Your Equipment can quickly become obsolete and need regular replacement.

03

Project- Based Equipment

Sometimes assets are only required for a certain period or project, with limited remaining life and value thereafter.

04

Stay ahead of the Competition

Utilising modern technology and equipment is crucial for maintaining relevance and competitiveness. With Simplify, you can fully utilise these assets with ease.

05

Free up Capital

This arrangement enables immediate access to necessary equipment while distributing the cost over its operational lifespan in your business.

06

ACTIVE CARE

We fully understand what is critical to keep your client's Printing & Mobility equipment running constantly to avoid downtime, revenue loss and customer dissatisfaction. Our Active Care Packages are uniquely build for this purpose.

Mobile Device Management

Take control of all your mobile devices.

01

Custom Built Plans

Choose the plan that's right for your business goals and budget.

02

Nationwide Reach

We have nationwide branches with five certified services centres.

03

Qualified Technicians

Our technicians are constantly up-skilling and certified by the worlds leading brands in our industry.

04

Security

Take control of your managed devices with our Active Team's ability to implement lockdown measures anytime, anywhere.

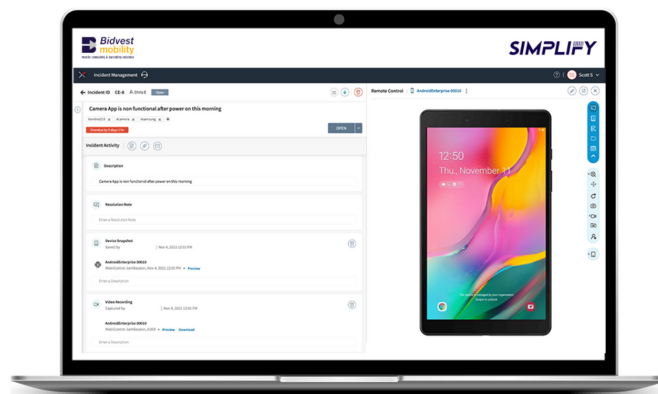

Integration

Seamlessly integrating into our customers' systems, provides a cohesive ecosystem that streamlines operations.

Cost Reduction

By increasing worker productivity, Vocollect helps you minimize dock-to-shelf times while helping you optimize your merchandise-processing capacity in buffered cross-dock and put-to-store operations.

COMBINE ACTIVE WITH MOBILE DEVICE MANAGEMENT

Empower Your Workforce

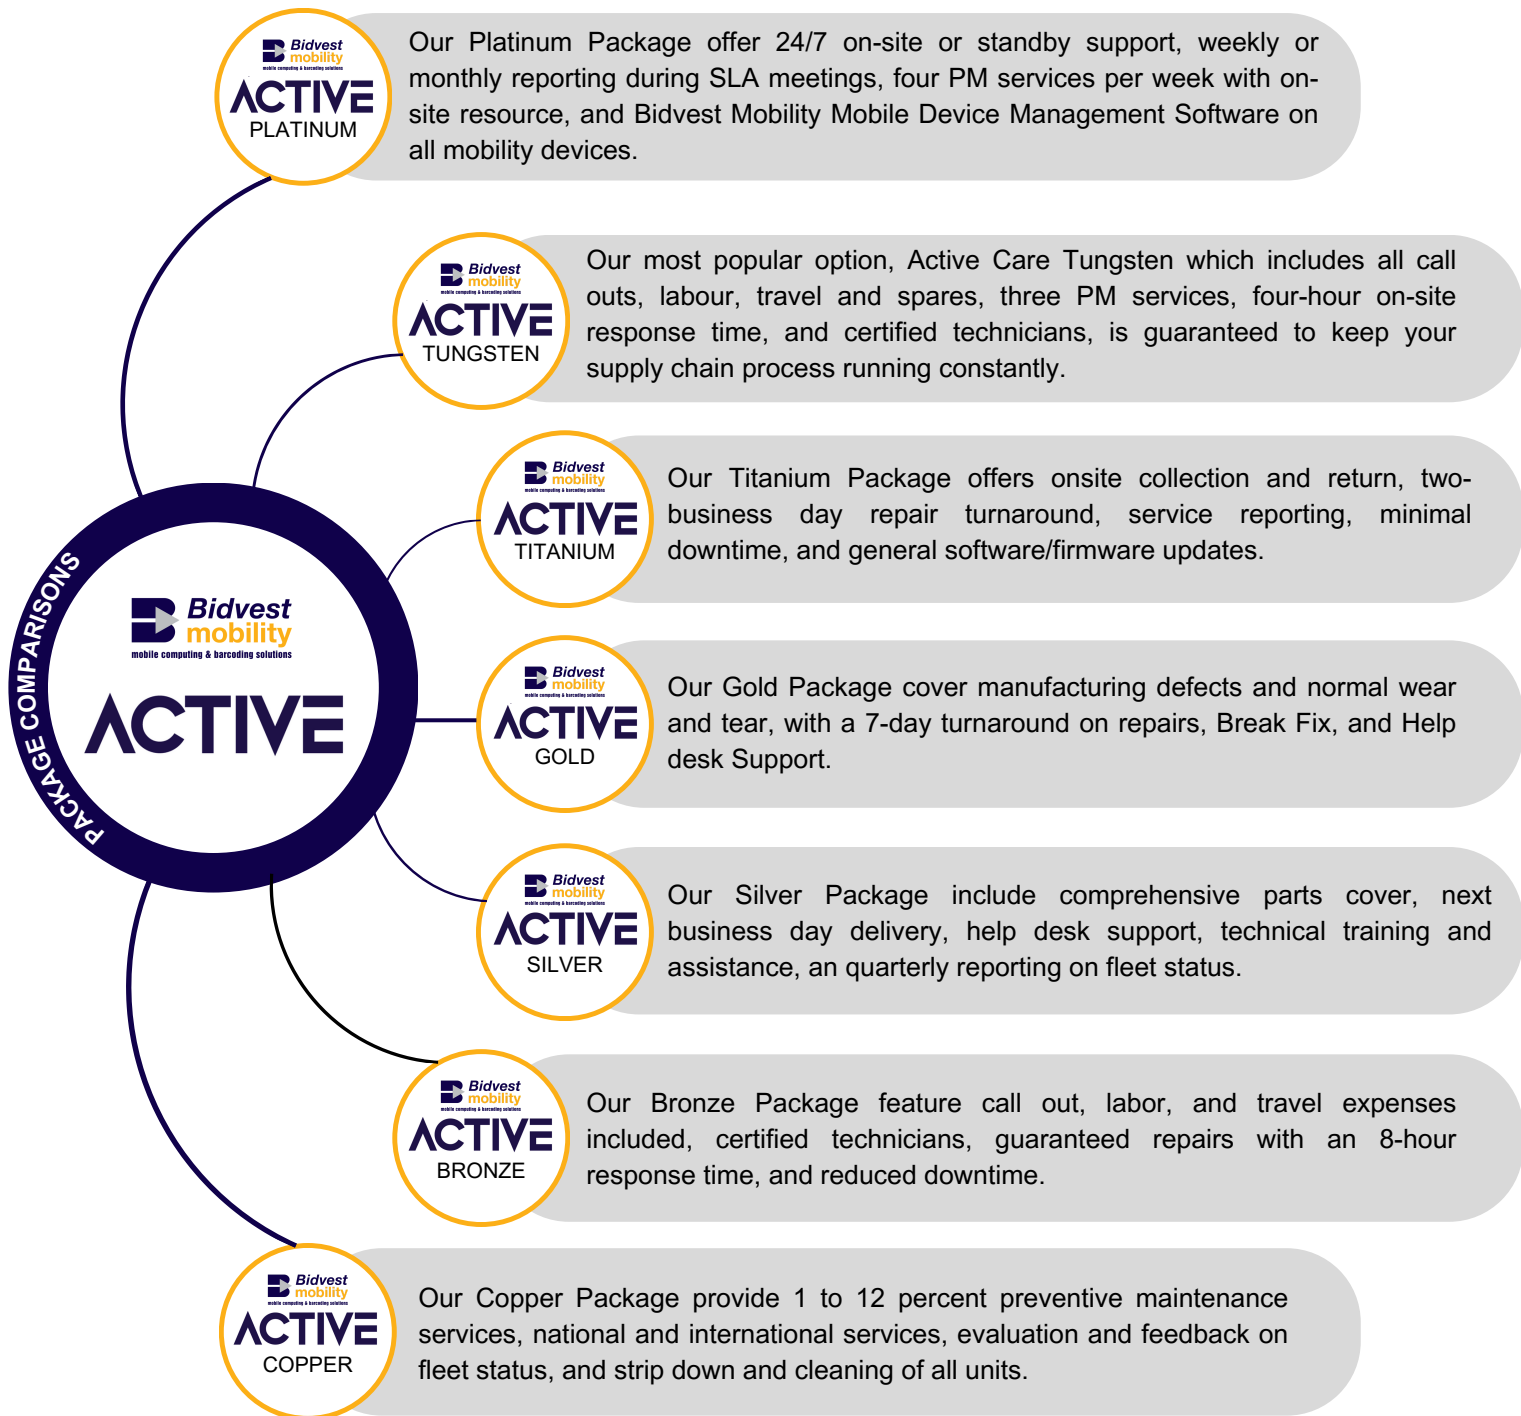

By integrating our solutions, businesses can significantly enhance their operational efficiency.

Worker Retention

Your workers gain greater confidence as they regularly exceed their daily goals and objectives.

Increased Customer Service

Vocollect will help you increase both the efficiency and the accuracy of orders, ensuring that your customers' orders are shipped correctly the first time.
